FAQ'S

What is Your Photography Style? This is a lifestyle session—I want to capture your family's personality in a natural way. I try to make your children comfortable and let kids be kids... we run, we jump, we laugh. I try to avoid a lot of formally posed photographs. I aim for real smiles and fun!

Are You Good With Kids? Yes! My former jobs include nanny, swim and soccer coach, lifeguard, and dorm parent. I also teach architecture to 1st and 2nd graders in NYC and have three small children of my own. It's safe to say; I've seen it all!
